- Submit a new 590
- Have the customer document how they have changed the way they do business
- Identify their supplier(s) for controlled substances since our restriction
- Assuming they have been dispensing CS, have them submit the past 3 months dispensing data (no PHI)

We will review but make no guarantees this will result in their status changing.

Ed,

Back in Dec. we turned this customer off from being able to purchase any controlled substance from AmerisourceBergen. The customer at that time had just opened their Drug Store and started doing business with AmerisourceBergen a few months before this took place. Since then the customer is still buying from us, but is asking if we can do another review due to them changing the way they do business. Is it possible that we might be able to review this? Please advise?

Thanks,

Michael G. Perry
